OFFICE OF UNDERGRADUATE EDUCATION
“Student success is always our number-one focus. Our continued growth in student satisfaction, record retention and graduation levels, and increased financial support are all important elements in making sure that we are serving Minnesota families and fulfilling our leadership role as the state’s flagship.”

— Robert B. McMaster, Vice Provost and Dean of Undergraduate Education

We are the state’s only research (R1) university and one of the top research universities in the nation.

We are the state’s public land-grant university.

As a land-grant institution, our mission is to serve the State of Minnesota and to apply our knowledge to address societal issues.

Our implementation of the Innovative Grand Challenges curricular options is preparing our students to meet 21st-century challenges with new models of engaged, place-based education for tomorrow’s leaders.
